Education

Cebu Technological University

Bachelor of Science in Information Technology

Sep 2022 – August 2026

Cebu City, Philippines

- Major Courses: Programming, Data Structures and Algorithm, Information Management, Networking, Information Security

Experience

Project Management

Cebu Technological University

Feb 2025 – Oct 2025

Cebu City, Philippines

- Led the development of a **Barangay Management System** for San Roque (Ciudad), Cebu City.
- Automated 85% of manual barangay operations by integrating workflows into a centralized digital platform, boosting staff efficiency by 85%.
- Developed **Securado**, a real-time GPS and GSM tracking system capable of transmitting live coordinates to the cloud.
- Collaborated closely with stakeholders and the development team to deliver high-quality software aligned with user requirements.

Technical Training Instructor (Student Role)

Barangay San Roque (Ciudad)

Aug 2025 – Oct 2025

Cebu City, Philippines

- Served as a student trainer for the **BarangayConnect Training Program**, empowering local residents through hands-on digital literacy workshops.
- Introduced and demonstrated key features of the barangay system, showcasing its benefits to non-technical users.
- Conducted practical training sessions to assess and improve participants' computer literacy and system usage skills.

Projects

Securado | *Web, Mobile, IoT*

React, TypeScript, Django, PostgreSQL

- Developed web and mobile applications using React and React Native (Expo) integrated via a RESTful Django backend
- Built a GPS and GSM-enabled tracking device with ESP32 for real-time geolocation.
- Implemented modular solar charging and cloud-based telemetry for continuous operation.

Barangay San Roque Management System | *Web, Mobile*

React, TypeScript, Django, PostgreSQL

- Developed a cross-platform management system with automated KYC verification for residents and staffs.
- Synchronized dual databases to ensure consistent real-time data access.
- Set up CI/CD pipelines with GitHub Actions for integration testing and deployed via Render.

Technical Skills

Languages: Python, JavaScript (TypeScript), SQL, Java, HTML, CSS

Frameworks: React, Django, Node.js, Flask, FastAPI, TailwindCSS

Databases: PostgreSQL, Supabase

Developer Tools: Git, GitHub, Postman, VS Code
